DETAILED ACTION

1. The amendment filed 8/15/2007 has been entered. Claims 1-30 are pending in this Office action.

Claim Rejections - 35 USC § 112

2. Claims 26, and 27-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 26, 27-30 are narrative in form and do not contain positively recited **steps** of a specific process. Note that method claims should be set forth **a series of steps** in the active tense in an instruction-like manner thereby reciting an actual method. The claim only recites a **single step** without any additional **steps delimiting** how its use is actually practiced. Dependent claims (if applicable) should further limit base claims by reciting additional method steps in a likewise fashion. Ex parte Erlich 3UPQ2d 1011 at 1017 [6]. Regarding claims 26-27, the phrases "In a method for transmitting ..." and "In a method for communicating ..." seem to be a preamble of the claims not a one of the steps of the body of the claims. Therefore, the claims recite only a single step.

Allowable Subject Matter

3. Claims 1-25 are allowed.
